## Description:

This Vision Map had as its central purpose to help provide a context for the new Bayer Farm in Southwest Santa Rosa. The Bayer Farm is a new type of park for Santa Rosa that is dedicated to allowing local neighbors to grow fresh produce and to act as a gathering point for the area. The goal was to show where Bayer Farm is located in terms of existing or planned bike routes, creeks, railroad lines and parks. It was annotated in English and Spanish to reach as many users as possible.

community events • eventos de la comunidad nature close to home • naturaleza cerca del hogar safe routes to school • rutas seguras para ir a la escuela paths for walking • caminos para andar community gardens • huertas comunitarias

neighborhood shops • mercados de la comunidad
